

Unlimited Access to FM Global Property Loss Prevention Data Sheets —*At No Charge!*

Effective Dec. 12, 2007, FM Global policyholders will have **free, unlimited access** to FM Global's data sheets through *MyRisk*[®], our private, secure client extranet. If you are currently registered for *MyRisk*, no action on your part is necessary—access is automatic. If you haven't yet created a *MyRisk* account, we encourage you to do so by visiting www.fmglobal.com/myrisk. Registration is free to all FM Global policyholders.

Additionally, on or about April 1, 2008, FM Global will launch a public-facing Web application that will permit anyone, including contractors working on your behalf, to download FM Global's data sheets **free of charge!** The application will be available through our Web site, www.fmglobal.com.
